### PRINT

Remember to print in A4 format without scaling. Measure the print with a ruler to make sure it is printed correctly.

### MEASURE

Cut or fold the paper along the dotted line. Place the paper along the wall and place the child's foot on top with the heel against the wall. Find the indicative size at the left side of the paper.

Our recommended growth measure is included in the size scale.

Always remember to measure both feet. Choose your size based on the longest foot.
